

A visit from Penny the Harris Hawk at Abbotsleigh Care Home

Fantastic feathered friend

We've had a few visitors to Abbotsleigh Care Home this past week, including Reece who kindly brought Penny, a magnificent Harris's Hawk, to visit us.

She is three years old and Reece has **hand-reared** her from a few weeks old.

Penny only takes her food and commands from Reece - such a beautiful creature.

Garden helper

Chris from our maintenance team had an extra pair of hands this week to help water our garden.

Our lovely resident **Jennifer** came out to offer her help – *thank you to her!*

We are very proud of our garden and it's certainly needed some water recently with all this sunshine!
