

Abbotsleigh Care Home residents enjoy cruising to India

We had such a great time last week at Abbotsleigh Care Home as our residents and staff enjoyed celebrating Indian culture, as part of our Nellsar Cruise.

We virtually visited the **Taj Mahal** and in the afternoon many of our wonderful staff got 'on board' and dressed up in beautiful **sarees** for our residents, putting on a little **dancing show** along with music for them to enjoy, with lots of hand-made flowers. Jim loved our India-inspired back drop!

Our fabulous **Chef Savio** made **Lamb Curry and Paneer Butter Masala for lunch**, with vegetable pilau rice and garlic naan breads, followed by Carrot Halua and Culab Jamun served with vanilla ice cream.

All were absolutely delicious; our residents and staff really enjoyed their taste of India!

Reminiscence

We've also been enjoying our library box recently, which has a theme of 'childhood' from bygone years.

It's been fascinating looking through old newspapers and books about children's toys from the past and our residents have really enjoyed it.
