

Easter crafts at Abbotsleigh Care Home

Look at our happy campers here at Abbotsleigh Care Home, enjoying some arts and crafts over Easter!

A group of our ladies made some **spring seed bombs** together, mixing seeds and soil together and pressing the mixture into moulds with some water. These are left to dry and then they can be throw onto grass or wherever would benefit from some colour – and they will **grow into wildflowers**.

There were some lovely cheeky spring smiles over the Easter weekend as we **decorated some Easter eggs** and also **iced some biscuits** with a spring theme.

We do like crafts we can eat afterwards!!
