

Furloughed Friends at Abbotsleigh Care Home

While some of our staff here at Abbotsleigh Care Home have been furloughed and need to spend time isolating at home before being able to come back to work, it is really important for them to still feel part of the team.

Having created a special chat group on WhatsApp, we can keep in touch with our 'furloughed friends' on a regular basis and find out what they have been up to.

Our lovely **Leigh** been on furloughed leave since 27 April and she is looking after her daughter **Mollie**, "**We have been doing some sensory work and some art and crafts.**"

We look forward to hearing more from Leigh soon!
