

Making Easter decorations at Abbotsleigh Care Home

We've had another excellent few days here at Abbotsleigh Care Home, making lots of Easter decorations with our residents, including Easter bunnies and seasonal wreaths, which look wonderful displayed in our Home.

Staying connected

We've been supporting many of our residents maintain contact with their families, whether it be through Skype calls, videos sent through email or letters.

Enjoying the sun

We have also continued to enjoy walks with our residents, taking in the lovely warm weather and sunshine, which is so great for promoting a sense of well-being.

Pampering

And we've held another one of our popular 'pamper days' with our ladies; hair styling, manicures and hand massages were the order of the day! We love to see our ladies relaxing and enjoying the treatments.
