

Ocean Day arts and time in the garden at Abbotsleigh Care Home

Creative arts

Last week we had fun here at Abbotsleigh Care Home focusing on the arts in celebration of World Ocean Day on Thursday 8 June.

On World Ocean Day, people around our blue planet celebrate and honour our one shared ocean that connects us all.

We enjoyed **making themed ocean pictures and fish (using old CDs!)**. We also painted some colourful pictures too, with lots of artistic flair to be seen!

Summer sun

We have been appreciating our **beautiful gardens** recently with this warm spell, *aren't we lucky!*

We've enjoyed **ice creams and chats** with our friends under the cover of sunshades. We are so happy to be able to enjoy this beautiful weather together.
