

Relaxing with pastimes and crafts at Abbotsleigh Care Home

We've had a relaxing few days here at Abbotsleigh Care Home.

We are getting ready for the 'Great British Bird Watch' week and made bird feeders from **cardboard, peanut butter and bird seeds**. We hung them up outside and are looking forward to seeing our feathered friends enjoying them.

We have also started making **prototype lanterns with lavender** inserted into them and will see how they turn out in the coming week. Joan enjoyed testing the smell of the lavender!

Our **musical instruments** came out to brighten up a rainy afternoon and **Pat also enjoyed some knitting** and has made an excellent knitted sausage dog for a beloved great grandchild. *He's so sweet!*
